No-Cost Collaborative Program

A special IACLP program that provides free access to the Collaborative Law Process for families of limited financial resources, subject to eligibility.

What is Collaborative Law?

Collaborative Law is a process designed to minimize conflict between parties who are working toward resolution of a legal dispute. The parties, their lawyers and any other professional involved, agree to make a good faith attempt to reach a mutually acceptable settlement without going to court. Working together, they strive to resolve their disputes in a way that addresses everyone's needs.
